ABOUT US

Comartek was formed by a group of programmers who believed in each other's abilities, experience and ethical qualities to deliver freelance projects. After 2 years of operation, development and experience gaining, we have earned certain achievements. Recognizing our capacity and opportunity, we have set a new goal with the motto "Together building up a strong and sustainable company and contribute high value to the community".

Comartek Joint Stock Company was officially licensed to establish by the Hanoi Department of Planning and Investment on June 1, 2017, marking an important turning point of Comartek's establishment and development. Comartek chose orange as the main color to symbolize youth, enthusiasm and creativity - what Comartek aimed for.

Despite being a young enterprise in the field of Information Technology, Comartek has grown strongly with many domestic and international projects with high appreciation from customers.

Comartek specializes in providing services and solutions in the fields of Information Technology, Media and Design. In addition, we have been developing technology products to support the business operations and business strategies for customers.

With a stable and equal capabilities of workforce, we are committed to providing customers with prestigious quality products and services with attitude of enthusiastic and dedicated service.
